LETTERS FROM OUR MEN AND WOMEN IN SERVICE

Sam Weinberg, S 2/c 961-07-04, U.S.S. L.S.T. 807, c/o Fleet Post Office, San Francisco, California - Just a line to let you know I was in on the invasion of Iwo Jima. All our work and preparations since leaving the States were for this purpose. Maybe you can understand now why I couldn't say anything up until now, and why I was so busy.

Fortunately, it's over with now and we came out of it OK although it was pretty hot for awhile.

We were the third LST to beach, and were on the beach for 48 hours. We unloaded Marines and equipment. Took on casualties

and transferred them to a hospital ship. Iwo Jima is just 750 miles from Tokio, and only 610 miles to the closest point of the Japanese mainland.

We were on the beach just a few hundred yards from "Mt. Surubachi" (Hot Rocks) when the Stars and Stripes went up on the highest point. It was a grand sight and brought a cheer from all of us.

Well, that one is over but we still have a few more appointments with our slant-eyed friends, then we'll be home. So keep your fingers crossed. I am. We were sure lucky. Shells were falling all around us while we were there.

(Note - In a more recent letter he said that a picture of their LST, which was taken the day of the invasion, appeared in TIME magazine.)

Cpl. Harry E. Martin, 6th Combat Cargo Sqdn., 2nd Combat Cargo Group, APO 920, c/o Postmaster, San Francisco, Calif. - After sweating it out for so long, I finally made it overseas, and away overseas, too. I am in the Dutch East Indies; it's up off the N. W. tip of New Guinea. You probably know of Combat Cargo operations. We carry high-priority air freight - mostly up into the Philippines. I made one trip down to Darwin, Australia. Darwin is just a town. I expected a city. It looks like the States there, like Virginia around Washington. The more I see of the world, the better I like the States.

My crew brought an airplane over, a very interesting trip...We have movies and

radio program recordings and get the news on a ticker system so it keeps us in touch with what goes on at home, and elsewhere. Have good showers and plenty water. Some Japs in the area, some from on the Island. Having seen how vast the Pacific area is I am amazed at the progress they have made. Oh, we have electricity but no frigidaire, nor electric toasters, nor radio.

Margaret O. Ellefson, SK3c, N.L.F.E.D. Bldg. 78-NAB, San Diego, California - My belated thanks for the Christmas package sent to me by the Club. It didn't reach me until the first week in February but nevertheless I appreciated its arrival.

I still like the Navy Life fine but of course I'm looking forward to my next leave which I hope will be in August.

Our recreation on the Base is really very well planned. We can bowl on Monday and Tuesday. I have been bowling on the Naval Repair Base team. Our movies are always the very latest.

Every issue of the Grapevine is read from cover to cover, so please don't forget me. It's good to read about the friends in FCA.

PFC John K. Smith, 37531075, Co. C. 147th Engineers (C) Bn., APO 339, c/o Postmaster, New York, New York - Somewhere in Holland. I got some more Grapevines the other day and I surely do appreciate them. I really liked the Christmas edition with pictures.

EL CLUB VESPERTINO

On the evening of March 28, the members of El Club Vespertino dined in the Mexican atmosphere of Lupe's Restaurant in the Plaza. Besides the members and their patroness, Mrs. Brady, several guests attended. After dinner, Mr. and Mrs. Arthur Esgate entertained the entire group in their home. Mr. Esgate showed colored

HAPPY BIRTHDAY TO YOU

Browsing through old records recently a hitherto uncelebrated birthday was discovered - April 12 - the day our Farm Credit Club was organized. The age - 10 years. Its real beginning is shrouded in mystery. The first written record is the minutes of the organization

meeting. Most of the organizers have left Farm Credit, either disappearing in the move to Kansas City, or leaving for other reasons, but some familiar names remain: Julia D. Connor, Carl Colvin, Robert Crim, J. H. Guill. John Fox was the first president.

The club, then as now, adapted its activities and facilities to its members. Dances, riding groups, tennis, golf, bowling, bridge, circulating library, hiking, were enjoyed. Boat trips down the Potomac were headliners.

Discounts on purchases were popular. A large variety of products were sold by the club including cream, butter, and eggs. Girls remember the nylon hose they have purchased. Several classes were sponsored - Spanish, French, Art Appreciation. Highlighting the year's activities, then as now, was the annual Farm Credit Club picnic and, since Kansas City, the Christmas party.

Then came the move to Kansas City. The club assisted with details of the move, such as furnishing cash to make hotel reservations by wire and cooperating in a buying arrangement whereby FCA employees could purchase gas stoves at discount. The Grapevine, the club's first paper, came to life. Once before, in 1936, one issue of a reported club magazine was published. A prize was offered for naming it but inasmuch as it was not continued the prize was not awarded.

Missouri offered no Appalachian trail but resourceful Farm Credit hikers soon

scouted new trails enjoyed by all, including many new members and native Missourians. Bowlers adapted their skill to the new balls.

The activities enumerated have been mostly for enjoyment, but the club has interested itself in the general welfare of the employees.

As the club completes its tenth year in the Heart of America, its many members, past and present, echo - Happy Birthday to You - and many more, whether in the Heart of America or on the shores of the Potomac. (MP)

WAGS AND BOOKS

When the WAGS first met this past year it was decided to donate books to city hospitals. Dorothy Heiderstadt, of the Public Library, has been invited to the next regular WAG meeting, April 19, to tell the story of her rounds with a book-cart, as she furnishes bedside service to hospital patients, emphasizing the kinds of books most enjoyed.

An invitation is extended to all Farm Credit employees to join the WAGS in this worthy gesture. Books, new or old, of current interest, suitable for hospital use, are now being collected, and donators may leave their gifts with either Julia Connor, Room 2960, or Phoebe Norton, Room 1406A, as soon as practicable.

Another speaker for the program, "Civic Activities of Interest to Women," under

Home Service News

Again this week FCA employees proved that they are willing workers on the home front. A call for clerical help from Red Cross headquarters met with complete co-operation from all divisions and sections contacted. As a result more than 1500 letters were processed in spare time, and once more from headquarters we received "thanks, for a job well done."

SERVICE MEN'S NEWS (Continued from page 3)

I am seeing a good part of Europe. I am now in Holland, the windmill country, and I've seen two real Dutch windmills.

I just hear the clock in the steeple strike 7:45 p.m. It strikes every 15 minutes, and it plays pretty music each time. There are a series of different sized bells around the steeple which are tuned so they play music. At night when I am on guard, and everything is quiet that music keeps me company. I really like it.

I haven't gotten around to meeting many Dutch people yet, but I'll get to that tomorrow night. We are going to have a dance tomorrow night. I think it is going to be a nice party...I'll be seeing you and soon I hope.

(Note - With Pvt. Smith's letter was a copy of the Presidential Unit Citation received by the 147th Engineer Combat Battalion for "outstanding performance of duty in action.")

HIKERS ENJOY STEAK ROAST

Farm Credit hikers spent Sunday, April 8, hiking in the wooded area south of the Pratt and Whitney plant. Splashed with red bud, hawthorn (Missouri's State flower), violets, and fawn lilies, the hillsides were unusually colorful. Rocky streams and stone fences added to the beauty and enhanced the superb view obtained from the top of the ridge.

After a 4-mile hike from Dodson, the hungry hikers stopped at the picnic grounds at Red Bridge farm where they soon had

steaks roasting and potatoes frying on the fireplace. The natural spring, totem pole, and swan lake made this a charming place to lunch. Reluctant to leave, the well-fed hikers tarried a time after lunch but finally finished the day with a 4-mile walk back to the car line.

Dorothy Dick led the hike and Hoyt Elkins transported the supplies and utensils. Other hikers included Betty Barnhart, Helen Baughman, Olive Boylan, Ruth Clayton, June Foster, John Kennedy, Agnes Nemanich, Mary Nolz, Marie Puhr, Paul Rapp, and Jean Sutter. (MP)

EXCELSIOR SPRINGS HIKE ON APRIL 29

Farm Credit hikers will visit Excelsior Springs on Sunday, April 29. The program includes a hike through the grounds of the Hotel Elms over Siloam Mountain to Lake Maurer for lunch. After lunch the group will walk back leisurely to the Hall of Waters for a dip in the swimming pool.

Group will meet at Union Bus Terminal in the Pickwick Hotel at 10:45 a.m. Round trip fare costs \$1.58. Returning to Kansas City, the bus will leave at 5:00 p.m. For further information call Marie Puhr, leader of the hike.

Bring a steak or some franks to broil at Lake Maurer's outdoor fireplace. Also bring a bathing suit if you plan to swim in the pool at the springs.

Donald Moore, Dorothy O'Bryan, Mary Nolz, Alice Snuffer, and Ella Wells were the lucky winners of door prizes. A surprise treat of homemade candy was also enjoyed by all.

As Chairman of the Bridge Committee, I wish to take this opportunity to thank everyone for their splendid cooperation in helping to make the past season a very successful one. (LCM)
